- Electric Parking Brake
- Auto Brake Hold Function

COMFORTABLE VIEW

Thinner front pillar that does not compromise sufficient collision safety performance and the adoption of the flat-topped instrument panel with simple and easy-to-see visor-less meters realizes a “comfortable view” which provides peace of mind to its occupants.

EXCEPTIONAL SEATING COMFORT

Body stabilizing seats supporting user’s pelvis and lumbar spine with a resin mat are adopted for front seats, and a thick and soft pad is used to enable comfortable seating for passengers in the rear.

MORE IN STORE

Offering comfortable seating for five and with a cargo capacity of up to 52 cubic feet, this compact hatchback is full of surprises. Thanks to its 60/40 split 2nd-row Magic Seat®, the Fit can even make room for long or tall items.

Turning Journeys into Joy
A Smile in Every Mile.
